

Miss Greenwalt's Corner

Dear Parents,

Hello! I hope everyone had a restful weekend! We are starting new units in Math and Reading this week. Both will take us through the end of the year. It's hard to believe that we are in the final stretch. I am so proud of each student and his or her hard work! I'm very excited about one project we have been working on the past week. Students will have the opportunity to report on their animal through a newspaper article. I am so proud of the students and how they have taken ownership of this project. They are truly beginning to show that they are ready for 3rd grade.

Our field trip to the Indianapolis Children's Museum is scheduled for Wednesday, May 23rd. Your child will have the opportunity to explore the Riley Children's Health Sports Legends Experience and the museum. Permission slips will be sent home this week. Please sign, pay, and indicate if you would like to be a chaperone on the trip. I would like to have five-six parent volunteers on this day. I will have a random drawing to select parents. If your name is not chosen, you are still welcome to meet us at the museum on this day. Now would be the perfect time to turn in your volunteer profile form. A background check is required before you can assist.

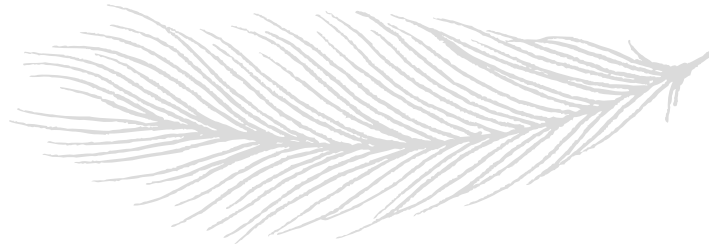

Camp Invention is back this July at JBS. They are searching for parent volunteers and camp parents. It will run through July 16-20, If you are interested, you may contact Amanda Bradford at abradford@gcsc.k12.in.us

Please check Mrs. Hammons weekly newsletter on Fridays for important school wide information. There are a lot of sign-up sheets for spring activities. Baseball, softball, soccer, and swimming to name a few...

Sincerely,

Miss Greenwalt
