Dear Parents,

Hello! I hope all of the mothers had a great Mother's Day! Your kiddo was so excited for you to open the mail. We had a great time prewriting and writing the final copies. Also, thank you for making me feel so special last week for Teacher Appreciation Day. I can't believe we are in the last two and a half weeks of this school year. We will finish the last weekly story in Reading and unit in Math this week. Next week, we will take the unit test in Reading. I have some fun end of the school year activities planned too.

It has been a wonderful privilege to teach your child. I am so proud of each student and the hard work that has gone into this year. Please join me in encouraging your child to continue to make wise choices and do his or her best until the end of school ☺

We have a lot of fun/upcoming events to end the school year. The PTO is having a Family Service Project on Wednesday, May 16th at 6:00. Please RSVP in advance. Our field trip will be on Wednesday, May 23rd. Your child should wear their Eden t-shirts and comfortable shoes. We will attend the new Sports Legends area of the

museum. Remember, your child will have a sack lunch from the cafeteria. It will automatically deduct from their account. The awards program is on May 29th from 1-2. Your child has the opportunity to receive attendance, NWEA, and classroom rewards. I can only give three classroom awards on this day. Finally, we will have a Talent Show and Field Day on the last day of school. I do ask that your child stay focused on academics and behavior as we approach the remaining weeks. I know they are getting excited.

Camp Invention is back this July at JBS. They are searching for camp parents and volunteers. It will run through July 16-20, If you are interested, you may contact Amanda Bradford at abradford@gcsc.k12.in.us

Have a wonderful week!
